ITEM NO: TW44000

ENVIROPURGE™ II FUEL CLEANING TOOL

Fuel system cleaning services performed with Wynn's® Enviropurge™ II Fuel Cleaning Tool and Wynn's® fuel system service products are the perfect way to remove system deposits that can restrict air and fuel flow. The Wynn's® Enviropurge™ II Fuel Cleaning Tool cleans fuel injectors via the fuel rail (with adapter kit #ZW04001) and product or the intake (Throttle Body Induction Tool #ZW31500) and appropriate product. These services improve engine performance and fuel economy.
